

DIRECTIONS

- 1) Students will choose a card.
- 2) Students will look for the fingerprints with numbers that match the number inside the magnifying glass. (You could give the students a real magnifying glass to pretend or create one with the template given.)
- 3) Students will circle or cover the numbers that match.

QUICK DIFFERENTIATION

KIDS THAT NEED A CHALLENGE:

- 1) Students can write the number on paper or a dry erase board to practice proper handwriting.
- 2) Students can generate a group of objects to match the number on the card.

KIDS THAT NEED A REVIEW:

- 1) Pull students into a small group to locate the matching numbers. Use a number line to help.
